

ZFORCE550

The brand new ZFORCE 550 is equipped with a powerful 191 R engine and can reach amazing acceleration in varying road conditions. The full-faired design, a low center of gravity makes it the king of high speed which is tailor-made for the most extreme routes, whether it be in the desert or wilderness. All in all , ZFORCE 550is a great sporty SSV model.

Water cooling, oil cooling system of the domestic top level. Better than the cooling effect of the oil temperature control, more accurate. The corresponding fuel consumption is lower, which can effectively prolong the service life of the engine.

The lightweight design of the engine. The use of plastic material, the transmission structure optimization and built-in water use, will be the overall weight of the engine is controlled to a new height. Compared to the previous generation engine, weight reduction of 13.5%.

Engine

Engine Type Single-cylinder, 4-valve, SOHIC, EFI, Liquid cooled

Displacement	495cc
Bore & Stroke	91x76.2mm(3.6x3in)
Compression Ratio	10.3:1
Maximum Torque	43N.m/5800 rpm
Maximum Power	28kW/ 6800rpm(38hp/6800rpm)
Fuel Supply	EFI
Lgnition	ECU
Transmission	CVT
Drive	Switchable 2WD/4WD
Dimensions and Capacities	
L x W x H	2870x1310x1790mm(113x52x70in)
Wheelbase	2040mm(80in)
Seat Height	395mm
Ground Clearance	247mm
Curb Weight	557kg(1228ib)
Max Payload Capacity	150kg(331ib)
Fuel Capacity	27L(7.13gal)
Turning Diameter	9500mm(374in)
Chassis	
Brake	Hydraulic
Suspension	Double A-arm
shock Absorber	oil Damping
Tire Pressure	Font:12x6.0AT Aluminum Aiioy Rear:12x7.5AT Aluminum Aiioy
Rim Tire	Front:25x8-12 77J70 Rear:25x10-12 85J84
Color Available	
color	Black Read

ZFORCE 600-EX

ZFORCE 600-EX has a compact body, sharp and aggressive lines with 300mm ground clearance, 1960mm wheel base; longer suspension travel. 594cc, single cylinder, water-cooled, OHC, 4 valves, EFI. Tilt steering wheel. Dual A-arm with IRS, 280mm front suspension travel and 260mm rear suspension travel. Hydraulic disc brake, front and rear stainless bumpers. 300mm ground clearance and larger wheel tread. Front glove box capacity: 10kg; Rear bed capacity: 100kg; Total loading capacity: 250kg.

Engine

Engine Type Single-cylinder, 4-valve, EFI, Liquid-cooled

Displacement	594cc
Bore & Stroke	96 x 82mm
Compression Ratio	10:1
Maximum Torque	40N.m/5500rpm
Max. Power	25kw/6300rpm
Fuel Supply	EFI
Ignition	ECU
Transmission	CVT
Drive	Selectable 2WD/4WD
Dimensions and Weight	
L x W x H	2,630 x 1,590 x 1,860mm
Wheelbase	1,960mm
Seat Height	350mm
Mini Ground Clearance	300mm
Mini Turning Diameter	10m
Fuel Capacity	27L
Curb Weight	530kg
Payload Capacity	100kg
Chassis	
Brake	Hydraulic
Suspension	Dual A-arm
Shock Absorber	Spring Preloaded, Oil Damping
Rim	Front: 12×6.0AT/14×7.0AT Aluminum Alloy, Rear: 12×7.5AT/14×8.0AT Aluminum Alloy
Tire Pressure(kpa)	Front: 25×8-12 77J/AT 26×9-14 48J, Rear: 25×10-12 85J/AT 26×11-14 54J
Color(s) Available	Pearl White and Black, Ferrari Red and Pearl White

ZFORCE 800-EX

Engine

Engine Type V-Twin, 4-Stroke, 8-Valve SOHC, EFI, Liquid-cooled

Displacement	800cc
Bore & Stroke	91 x 61.5mm
Compression Ratio	10.3:1
Maximum Torque	72N.m/6000rpm
Max. Power	46kw/6700rpm
Fuel Supply	EFI
Ignition	ECU
Transmission	CVT
Drive	Selectable 2WD/4WD
Dimensions and Weight	
L x W x H	2,870 x 1,510 x 1,830mm
Wheelbase	2040mm
Seat Height	395mm
Mini Ground Clearance	300mm
Mini Turning Diameter	9.5m
Fuel Capacity	27L
Curb Weight	550kg
Payload Capacity	100kg
Chassis	
Brake	Hydraulic
Suspension	Dual A-arm
Shock Absorber	Spring Preloaded, Oil Damping
Rim	Front: 14x7.0AT Aluminum Alloy, Rear: 14x8.0AT Aluminum Light Alloy
Tire Pressure(kpa)	Front: 26x9-14 64k /AT26X9-14 52J; Rear: 26x11-14 71k /AT26X11-14 66J
Color(s) Available	Metallic Grey&White, Black&White, Red&White

The 2013 Zforce 800 EX is a new two-seater side-by-side of our product family, with an updated design that includes a new chassis and muscle-flexing engine power and combines riding pleasure with optimum user value. Zforce 800 offers the most fun and functional behind-the-wheel experience in its class. You haven't seen a side-by-side like this before, precisely what you'd expect from a genuine side-by-side machine and no doubt it sets the new standard for the industry naturally.

The 63-hp machine can get you from 0 to 60km in 3.21 seconds, thanks to a 800cc V-twin, liquid-cooled, 8-valve, 4-stroke engine, fed by a 46mm Delphi throttle body, two Delphi fuel injectors and Bosch fuel pump. The sophisticated Delphi electronic fuel injection system keep the engine's performance at its peak and give you exceptional acceleration and precision.

Zforce features more comfort cockpit with LCD dashboard and advanced instrumentations, which you can easy-to-reach controls when riding, you can switch between a 2-wheel and 4-wheel drive at the push of a button, for extra support when you need it. You will find Zforce is superior everywhere where really nimble handling counts.

The new sporty look includes redesigned seats with integrated hand rests, adjustable tilt steering, passenger handholds and grab bars, 3-point seat belts with anti-cinch, providing safety and most comfort and convenience even in the roughest of terrains.

The chassis is sure to hold up to whatever you put it up to. Dual A-arm independent suspension with a suspension travel of 205 mm and hydraulic shock absorbers mean a smoother ride, even on the roughest terrain.

The high intensity projector-beam headlights with LED set in the distinctive Zforce 800 front fascia and grill design will let everyone know that you are coming through.

A dual adjustable winch that you can control manually or by remote control lets you easily get out of even the toughest situation. You can also control the look of your machine with awesome optional details like a windscreen, roof, side nets or bumpers.

25TH ZFORCE800EX

UFORCE 550

UFORCE 550 is the result of over 20 years of liquid-cooled technologies. Powerful, functional, great ground performance and full-load capacity makes it the best choice for short-range transportation and trips in difficult conditions. The air hoses by the air cleaner and CVT are placed in a high and private position which improves the off-road and wading performance. This UTV is applicable to agricultural, industrial, farming, forestry and hunting.

495cc Single Cylinder, 4 Stroke, 4 valve, SOHC, Balance Shaft, 38.09 HP@6300 RPM

More convenient operation, combination of CVT automatic transmission with gears transmission, Max Speed:110 km/h.

Off-road performance:Variable pitch hydraulic spring shock absorbers

Climbing easily 22° hillside

UFORCE 800, a perfect combination of technology and arts, utility and sports, features ground clearance of 280mm, fording depth of 650mm, selectable 4x4 or 4x2, ideal for outdoor work or leisure.

Super power brought by us with over 20-year's experience in water-cooling technology; 800cc, V-twin engine provides as much as 46KW power with CVT system.

Dual A-arm, independent rear suspension (IRS) and adjustable hydraulic shock absorbers minimize the vibration even in the worst road conditions.

LED headlight (2x55W), LED tall lights.

The auxiliary socket with output voltage of 12V, maximum output current of 10A and power of 12W.

Adjustable and tilt seats with adjusting range of 120mm for driver's seat for extra legroom.

Electronic Power Steering (EPS) and electrical dump box (Optional*)
